JOSIAH TURNER, Jr., EDITOR.

JERUSALEM AT SUNSET.

we generally resorted to the city as the sun declined, says Bartlett's *Jerusalem*.—Solemn, sepulchral is the character ever impressed upon the mind. Here is a city, to the eye extensive and populous, but no voice arises from its wide area and the hills and valleys around. The evening breeze rustles among its hoary trees, sweeping sadly the bleak, rocky surface of the ground. The red light glances over the city, touching its domes and minarets with a last dying gleam, and the dreary hills are broken into grand masses of purple and vermillion, while the glen below, where sleep millions of the sons of Israel, and the sad groves which shrouded the agony of Christ, are sinking into the shade of night.

Such is the hour to view Jerusalem alone seated under some ancient tree, memor a of her past burden and guilt. Then looking eastward over the fair horizon of Moab and the desert, glowing in the last sun's rays, complete the indelible impression of a scene that, for its associations, is unequaled in the world. Our survey of Olivet would be incomplete without visiting Bethany—which is, in fact, at its eastern extremity—the village to which Jesus so often retired, to visit the hospitable family of Lazarus.—The paths continue from the crest of Olivet and as we lose sight of Jerusalem present us with a succession of pleasing landscapes. The approach is through the open cornfield, the white roofs of sequestered villages are seen among the groves of olives which mark nearly the extremity of cultivation before we reach the solitudes of the desert. There are on the right the remains of the buildings of the middle ages, and on the bleak hill beyond the more extensive ruins of a castle or convent, overlooking the Dead sea, and the Moab mountains. In the village is shown a tomb, which tradition has selected as that of Lazarus. The pilgrim will linger about this pastoral spot recalling the walks through the corn-fields, where Jesus plucked the ears of corn by the wayside, or imagining the sisters of Lazarus coming forth to meet and conduct him to the tomb of his friend. Of all the walks about Jerusalem, this Bethany, over the Mount of Olives, is the most picturesque in itself, and the most pleasing in its recollections.

BEAUTIFUL ILLUSTRATION.

In the Book of Deuteronomy, we have a very animated and beautiful allusion to the eagle, and her method of exciting her eaglets to attempt their flight, in that sublime and highly mystic composition, called Moses' song; in which Jehovah's care of his people, and method of instructing them how to aim at and attain heavenly objects are compared to her proceedings on that occasion: "As an eagle stirreth up her nest, fluttereth over her young, spreadeth abroad her wings, taketh them, beareth them on her wing, so the Lord alone did lead them." (Dut. xxxii. 12.) The Hebrew law-giver is speaking of their leaving their captivity, Sir H. Davy had an opportunity of witnessing the proceedings of an eagle after they had left it. "I once saw a very interesting sight, above one of the crags of Ben Nevis as I was going on the 20th of August, in pursuit of black game. Two parent eagles teaching their offspring, two yong birds, the manœuvres of flight. They began by rising from the top of a mountain, in the eye of the sun; it was about mid day, and bright for this climate. They at first made small circles, and the young birds imitated them; they paused on their wings, waiting till they had made their first flight, and then took a second and larger gyration, always rising toward the sun, and enlarging their circle of flight, so as to make a gradually extended spiral. The young ones still slowly following; and they continued this sublime kind of exercise till they became mere points in the air, and were both, parents and children, lost to our aching sight.

What an instructive lesson to Christian parents does this history read! How powerfully does it excite them to teach their children betimes to look toward Heaven and the Sun of Righteousness, and to elevate their thoughts thither, more and more on the wings of faith and love; themselves all the while going before them and encouraging them by their own example

"SPOTTED FEVER" IN PENNSYLVANIA.—A disease, fatal in its effects as the Asiatic cholera, has broken out at Albion, in the western portion of this county, its first appearance having been made on Saturday last. Five grown persons, each of different families have died since that time, and others are now prostrated with the terrible disease. Death has thus far followed each individual attack, the victims dying in from twelve to seventy hours after the first symptoms. One of those who died within twelve hours was a very hearty, robust and apparently healthy young man.

It is there called "spotted fever" from the fact that the victims become covered with crimson spots. The high medical authority calls it *cerebro spinal meningitis*. The symptoms are as follow: The victim is attacked with a violent chill, followed immediately by vomiting. With and following this are very violent pains in the head, neck and back. The singular fatality that has attended this dread malady has thrown the community into a state of abject terror, and many are flying from the place to escape from it. The skill of the local physicians has been baffled by it, and the best medical aid of this city has been peremptorily summoned. From the experience of some of our physicians in meeting this malignant disorder in their army practice, we anticipate that a check will be put upon it. We learned last night that there is need to be some hopes of saving a few of the more recent cases but even now the scourge is making fearful headway.—*Erie (Pa.) Dispatch, Feb. 19th.*

THE TOWER OF BABEL.—A Writer describes the present appearance of the place where languages got mixed:—"After a ride of nine miles, we were at the foot of the Birs-Nimrood. Our horses' feet were trampling upon the remains of bricks which showed here and there through the accumulated dust and rubbish of ages.—Before our eyes uprose a great mound of earth, barren and bare. This was Birs-Nimrood, the ruins of the Tower of Babel, by which the first builders of the earth had vainly hoped to scale high heaven. Here, also, it was that Nebuchadnezzar built, for bricks bearing his name have been found in the ruins. At the top of the mound a great mass of brick work pierces the accumulated soil. With your finger you touch the very bricks—large, square-shaped, and massive—that were thoroughly burned, the very mortar, now hard as granite, handled more than 4000 years ago by earth's impious people. From the summit of the mound, far away over the plain, we see glistening the gilded dome of a mosque, reflecting the bright rays of the morning sun. This was the tomb of the holy Ali. To pray before this at some period of his life; to kiss the sacred dust of the earth around there at some time or other; to bend his body and count his beads, is the daily desire of every devout Mohamedan.'

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all impurities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Worm of Vital Organs, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be ame infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Believe the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with pyphilis.—Your remedy seems to be curing me fast. Send 6 bottles per Express."

"No more rheumatism! Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hare & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a pure and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE NEW PARTY MOVEMENT.

We occasionally see allusions in our State exchanges to a "new party," a "middle party," &c., to which we have paid not much attention, believing that, for want of any necessity for such a movement—we mean necessity on the part of the Conservative Democratic party—it was not likely that anything would come of it. We are still of that opinion.

It is not the Conservatives that need a change, but such of the Radical party who, though honest and liberal they may have been, themselves, have, by their party co-operation with the corrupt, extravagant and dishonest leaders, enabled these leaders to empty the Treasury, oppress the people with excessive taxation, and ruin the credit of the State by unwise, vacillating and profligate legislation. These men see, though too late, the error that was committed; they see the unmistakable evidences of condemnation of their course by the people, and hence the desire for a new party—one composed of purer elements than that with which they have been acting heretofore—than the one on which every indication shows the maledictions of a deceived and outraged people are about to be poured.

But this is no excuse for the formation of any other than the parties that now exist. If men see and believe that the party hitherto in power in this State has not administered the affairs of the State properly, honestly and for the benefit of the people and general welfare of the State, why, just let them abandon it and act with those who, whatever may be their views on abstract political questions, are united in opposition to Radical misrule and ruinous policy, against that party with which these men think it no longer possible for them to affiliate.

The mischief of it is, this new party movement is spoiled every time it is attempted, by the fact that there are none of the old Radical leaders who will consent to be kicked off its platform. They want a new party, but they must be the leaders of it, and that is what the people will not stand, so, the putting the new piece of cloth in the old garment makes the rent worse and worse every time the patch is put on.

To all who are tired of Radical affliction—who are convinced that the policy of that party in this State is a failure, we say, "come out from among them and be ye separate;" and "touch not, taste not, handle not the unclean thing."

The Republicans seem to be dissatisfied with a portion of what their leaders have done; let them then quit them and withdraw their support from their ruinous policy; they cannot be worsted.

ITEMIZATION.

The Hon. Henderson Adams, submitted to the Senate, last week, in response to a resolution of that body, on itemized statement of the expenses, paid out of the people's money, for keeping up the Capitol Square, from November 1st 1869 to some time about the middle of February 1870.

We wouldn't ask any better electioneering document than this report for the next campaign, and we intend to keep it, and draw on it from time to time, to show the people how their money has been *recklessly squandered*, while they have been stinting themselves and families in *food and raiment*, in order to save the money for taxes that have been thus, almost entirely thrown away.

SENATE.

MONDAY, Feb. 28, 1870.

The Senate was called to order at 10 o'clock.

MEMORIALS.

By Mr. Blythe: from certain citizens of the county of Henderson, praying the General Assembly to authorize said county to issue coupon bonds. Referred.

By A. H. Galloway, col.: from certain citizens of New Hanover, protesting against the formation of a new county of certain townships in the county of New Hanover. Referred.

BILLS INTRODUCED.

By Mr. Welker: Bill to incorporate the Deep River Manufacturing Company. Referred.

By Mr. Murphy: Bill to amend an act relating to weighing Rosin at the port of Wilmington. Referred.

By Mr. Respass: Resolution authorizing and directing the Public Treasurer to borrow not to exceed $180,000 *of the special tax fund*, for the support of the two Asylums, *and to pay the per diem of members of the General Assembly*. Lies over.

By Mr. Robbins: Resolution of inquiry concerning the expenses of the State government to-wit:

Resolved by the Senate, That the Public Treasurer is hereby respectfully requested to furnish this body immediately with a succinct report of the expenses of the State government of North Carolina for the fiscal year beginning Oct. 1st 1868 and ending Oct. 1st. 1869, said report to contain the aggregate amounts paid out under each of the several heads of expenditures, excluding the amounts paid as interest on the State debt and also excluding sums paid and bonds issued under acts of appropriation to Railroads or Turnpikes.

Resolved further, That the Secretary of the Senate furnish the Public Treasurer with a certified copy of these resolutions immediately upon their passage.

Mr. Graham, moved to amend the resolutions by including also a separate report of the receipts and expenditures from Oct. 1st 1869 to Jan. 1st 1870, which was accepted.

Mr. Jones of Wake, moved that the resolutions be referred to the Committee on Finance.

Mr. Shoffner, moved to amend the resolutions, by striking out "fiscal" and "Oct. 1 t 1868" and insert "Jan. 1st 1868."

Messrs. Hayes, Jones of Wake, Smith and Sweet opposed the passage of the resolutions.

Messrs. Robbins, Graham, Love, and Winstead, urged their adoption.

Mr. Moore of Carteret, moved to lay the whole subject on the table, which was lost.

AYES—Messrs. Bellamy, Blythe, Colgrove, Cook, Davis, Eppes, Hayes, Harrington, Legg, Martindale, Moore of Carteret, Respass, Smith and Stephens.—14.

Mr. Jones' motion to refer was voted down.

AYES.—Messrs. Bellamy, Blythe, Colgrove, Davis, Eppes, (col.) Hayes, Jones of Wake, Legg, Martindale, Moore of Carteret, Smith, Stephens, and White.

Mr. Shoffners amendment was adopted, Ayes 18 Nays 17.

Mr. Stephens said *he* believed the object of the resolution was to get a *campaign document*, and in order to allow the mover a superior document of that character offered a substitute, "requiring the Treasurer to make an *estimate* of the amount of the expenditures for the next fiscal year."

Mr. Robbins said: Let everybody make a note of the fact that the Senator from Caswell says information as to what has been spent will be a *good campaign document* for our party! By that he confesses that the truth on this subject will damage his party! otherwise why does he object to our having the facts? It is not an extraordinary confession to be made here that if we get the facts from the Treasurer, we shall damage the Radical party by it? Let all men mark this confession of Radical Senators.

The substitute was voted down and the resolutions were adopted.

FROM THE PUBLIC TREASURER.

To the honorable the General Assembly of North Carolina:

GENTLEMEN—I have the honor to inform you that a writ of *mandamus* has been applied for at the instance of L. O Bayne, of New York, to compel me as Treasurer of the State, to pay past due coupons held by said Bayne, of bonds of this State, issued for the Western Railroad Company. His Honor Judge Watts, refusing to authorize the issuing of the writ as prayed for, appeal has been taken to the Supreme Court of this State, where the case is now pending.

It is reported and I think it likely the report is true, that very soon similar suits will be, instituted on behalf of holders of coupons of other "special tax" bonds. As holding the funds collected under the special tax acts, I consider myself merely as a stake holder, ready to pay the same in such manner as under the Constitution and laws, it shall be decided by the highest tribunal they ought to be paid.

This communication is made in order that your honorable body may take such action in the premises as may be deemed advisable.

Very Respectfully,
Your obedient servant,
D. A. JENKINS,
State Treasurer.

On motion of Mr. Cook it was referred to the Committee on Finance.

UNFINISHED BUSINESS.

Consideration of the bill removing restrictions in reference to the gauge of the Central North Carolina, Atlantic and Ohio and the Plaster Bank Railroads.

Mr. Davis called the previous question, which was not sustained.

The bill was discussed at considerable length.

Messrs. Brogden, Graham, Jones, of Wake and Love, spoke in opposition to it, and Messrs Davis and Welker advocated its passage.

Mr. Brogden moved to amend the bill by striking out "Atlantic and Ohio Railroad" wherever it may occur in it, which was adopted. Ayes 17, nays 16, and the bill passed its second reading.

Bill to require the Supreme Court to examine applicants for license to practice law, passed its second reading.

On motion of Mr. Robbins, the rules were suspended, and the bill to prevent the sale of any reversionary interest in Homestead lands, was taken up, and passed its second reading.

Resolution to allow the *actual expenses* of the Committee appointed to investigate the affairs of the Albemarle and Chesapeake Canal Company, passed its second reading.

On motion, the Senate adjourned.

CHATHAM COUNTY, N. C., Feb. 24, 1870.

MR. EDITOR:—I am not an advocate or apologist of the ku klux; some think when negroes insult white women they ought to be hung; that when they burn barns, as they did in Orange they ought to be hung. There are instances, when a man, in defence of his life, the life or the honor of his family, or for the protection of his property, would be justified in taking life without waiting for the forms of law; he would be no man if he did not.

But I don't believe in ku kluxing for every little infringment of personal prerogative, nor as retaliation for every minor trespass. Here is a case in point:

At Mr. Jehiel Atwater's place, not long long since, Mrs. Drink Parton stole a pair of stockings from Mrs. Van Bynum, both colored ladies. Mrs. Drink denied the charge, but Mrs. Van lifted her rigging and, lo! there were the stockings, incasing her limbs, which Mrs. Van swore to as her own, and Mrs. Drunk was forced to haul them off and surrender them to the lawful owner.

For this Mrs. Drink determined on revenge; so she visited the house of Mrs. Van, in that lady's absence, and demolished her entire wardrobe, tearing her dresses and other garments, and also the clothes of her baby; ripped the bottom out of a bran new sifter; in short, destroyed everything she could lay her hands on.

The affair came to the ears of the Ku Klux, (whether white or black, is not stated) who visited Mrs. Drink at night and gave her one hundred stripes.

Mrs. Drink is one of the "strong minded" of her sex, and now declares she was whipped for advocating the right of colored ladies to vote. But she is mistaken; it was for invading the private rights of Mrs. Van, and tearing up her and her baby's clothes.

Please ask the Governor what he thinks of such conduct, and oblige

CHATHAM.

CHAPEL HILL, N. C.
Feb. 26th 1870.

MR. EDITOR:—This (Chapel Hill) Township, is, as you are aware, the only township in Orange that ever voted a Radical majority. Now, can you tell me how it is that we have to pay a *township* tax of 50 cents on the poll, and 18 cents on the $100 worth of property!—The privilege of living near Brewer, Patrick and Martin isn't worth half the money, and I can't see why else it is levied.

The majority of the students of our great State University are the little boys belonging to the township—now, if this tax is levied to pay their Board, it is all very well; all I want to know is, *what* it is for! No other Township in the county lays such a tax.

Some correspondent of yours mentioned, recently, something about the burning of an Assessor's office I would like to know whether that correspondent had reference or allusion to the burning of President Pool's office?

Enquiringly yours,
NEW HOPE.

RALEIGH, N. C. March, 1st.

TO THE WORKING MEN OF RALEIGH:—As there is one subject that we can all agree upon, that is, to better our condition and secure homes that we can call our own. I know that is what we all want; the question arises, how can we get them? I answer, by the aid of co operative societies, such as the Mechanics' Building and Loan Association. We all have seen the good that has been accomplished by that, and as the charter has been granted to the Peoples' Building and Loan Association, I hope the people will take an interest in it and make it worthy of the name it bears. It is a good savings bank for the poor and a safe investment for men of capital. From my acquaintance with the people of Raleigh, I believe they will subscribe liberally to the stock of the Association, if it is offered by good and competent men, which I have every reason to believe will be done, taking the temporary organization as a criterion. I suppose a meeting will be called at once to perfect a permanent organization and put it in operation without delay.

MECHANIC.

["Mechanic" will see by a paragraph in our local column that a meeting is called for to-morrow, (Wednesday) evening at the Court House.)—EDITOR.

The *Robesonian* says:

We are informed that the band of robbers with which this county is infested, made a raid last week on the store of Mr. Alex. McKenzie, who resides near Unionville in this county, and took flour, bacon, sugar, shoes, tobacco &c., to the amount of several hundred dollars in value.

Why are not these outlaws arrested and brought to justice? Their lurking places are well known; members of the band are often seen and recognised by our citizens; and yet no serious effort—and we might say, absolutely *no effort at all* is made to free the community from their presence.

For the Sentinel.

Mr. Editor:—Is the name of common sense what are we to have next? We hear that efforts are making at Raleigh and elsewhere to form a new party of *moderate men*, for the purpose of carrying the next elections and restoring the prosperity of the State. This would be silly and futile enough, in all conscience, if inaugurated by our best men, but when we learn that its author is W. W. Holden the thing becomes preposterous at once. It is said too, that Judge Reade, John Pool, W. A. Smith, and other worthies of known moderation, are laboring zealously for the new party. Dr. Yates goes with Holden for the new party of course, for as Lord Coke would express it, "if one shall grant unto another that certain mess auge or pile of dirt called Holden, the Yates shall pass therewith as appurtenant thereunto, for it savoreth of the realty." And all the pies for it is, that it is necessary to get all the "moderate men" together and exclude the extreme ones.

This means, if it means anything, that a portion of the Radical party are ready to betray it as they have betrayed all other parties, because it is about to be overwhelmed by public wrath and contempt. And wishing to avoid the destruction and hold on to the spoils of this people, they take this method of getting up a show of strength by which to frighten or cajole the Conservatives into voting for them as *available men*—mark it! It is an stampt—and a very amusing one—to divide the Conservative strength, to put themselves in a position to sell out to the strongest side.—It is not because a single one of them is disgusted with the corruption of the party, for these very men are chargeable with it all, but because the *plunder* is about to give out, and a new party offers new *stealing!* What claim, Sir, have any of the men mentioned in connection with this contemptible movement, to be called *moderate men?*—Many of them clamored *immoderately* for war; after the war, they demanded a military government, and under its baneful influence they disfranchised and degraded our noblest citizens—excluded them from their birthright, and fastened upon the State, by force, this infamous Constitution, reeking with abominations. They then subjected the property of the citizens to the unlimited control of a L gislature based upon ignorance and poverty; they filled the seats of justice with ignorance, imbecility and corruption; they boldly announced that none but such as they could participate in the management of affairs, and a sweeping proscription was put into effect from the brakeman on the gravel train upward.—Then began a system of plunder and taxation, such as had never before been witnessed on this continent. Millions upon millions was voted away and placed in the hands of strangers and disreputable adventurers or dishonest converts of native birth, until, finally, the whole scheme of villainy and maladministration has broken down of its weight, and the seal of condemnation is about to be placed upon it. They now raise the hypocritical cry of moderation and a new party, *still to be controlled by them!*—This is their claim to moderation! And honest and true men, who opposed all these things from the beginning, who warned, pleaded and entreated; whose statesmanship is justified by the result, whose integrity was proof against the temptations of money and of power, and who have adhered to principle and the right, amid poverty, obscurity and disfranchisement, threatened with the bayonet and the dungeon, these men are yet unfit to be trusted. These men are extreme, unsafe, impracticable!! These men are still to be thrust back, and our people are still to be led by the authors of our ruin, God knows whither! Such are the aims of the contrivers of this moderate party.

Let no honest man be deceived. Some Conservatives may be willing to sell out to it, others may encourage it with the best intentions. We say to all, take care! There is death in the pot? Contact with Radicalism in any form is dangerous. From the sea coast to the mountain tops the angry roar of public indignation begins to be heard, and in the day of wrath an indignant people will make little distinction between thieves and the associates and apologists of thieves!

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C. writes; "I have used your Phosphated Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

CITY AND STATE ITEMS.

TUESDAY, MARCH 1, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

TABLEAUX AND CONCERT.—At an early day, perhaps towards the last of this week, say, about Thursday and Friday nights, the Ladies connected with the M. E. Church of this city, properly assisted, will give a series of Concerts and Tableaux at Tucker Hall, for the purpose of affording all who may attend the opportunity of listening to some excellent singing; witnessing the exhibition of a number of beautifully arranged groups of living pictures, laughing at unique and funnily acted charades, grotesque representations of extemporized wild beasts, and in short, to afford all a couple of evenings pleasant entertainment, with the laudable and praiseworthy desire of incidentally raising a small sum of money to finish paying for their new Church organ. We are sufficiently posted to say that the entertainment will be exceedingly pleasant, promoted by sweet music, engaging scenes, and all set off by sweet smiles of charming young ladies.

NEW BUILDING.—We notice a new cottage residence going up at the corner of Dawson and Edenton streets, on the lot owned by Mrs. W. R. Andrews, and opposite the Iredell residence. It will be, when finished, a very conveniently arranged cottage and in a desirable part of the city.—Messrs. Beck, Vaughn and Allen are the builders.

A CROWD.—Tucker Hall was packed yesterday afternoon and night by visitors to the Panorama of New York City. Our readers need not hesitate to take their families to see this fine work of art which shows 41 miles of the Empire city and 7 miles of ships and steamers as large as life. Many people want to see the great city, but the expense is a great impediment. This is obviated by a visit to the Panorama.

But, as the play of Hamlet would be somewhat deficient with the character of the crazy Prince left out, so would a representation of the city of New York be imperfect with Horace Gresly left off. He is there in all his glory—that same old gray coat, side pockets stuffed with exchange papers and he making a free line for the *Tribune* office. This Panorama is very popular, and is liberally patronized wherever exhibited.

Exhibits at 3 and 8 o'clock to day and to morrow.

We regret to learn that Mr. N. J. Riddick, Clerk of the U. S. Circuit Court for the District of N. C., is detained at home by severe family affliction, having lost an infant son, by death, and his wife is in a very low condition. Those writing to him on business to this city, will thus understand why their letters do not meet with the usual prompt response.

The regular monthly meeting of Hook and Ladder Company No. 1, will be held this (Tuesday) evening, March 1st, at the Court House, at 7½ o'clock.

PEOPLE'S BUILDING AND LOAN ASSOCIATION.—The charter for this new Association having finally passed both branches of the Legislature, a meeting of the members will be held at the Court House, on to morrow (Wednesday) evening, at 7½ o'clock, for the purpose of perfecting organization and commencing business. All persons, who have heretofore handed in their names, will please come prepared to indicate the number of shares of stock for which they wish to subscribe.

STEAMER BURNED.—We learn that a telegram was received in this city yesterday, stating that a steamer (name not given) was burned on the Chesapeake Bay, off Annapolis, on Sunday. Steamer and cargo a complete loss. We did not learn whether any lives were lost or not. Our fellow citizens, Messrs. Upchurch and Dodd, had shipped on the steamer about a thousand dollars worth of bacon and, perhaps, other goods, on which there was no insurance.

LECTURE BY DR. PRITCHARD.—We learn from the Wilmington *Star*, that Rev. T. H. Pritchard, D. D., of Raleigh, is to deliver his two lectures, "Characteristics of Infidelity," and "Literary Attractions of the Bible," in the new Baptist Church in that city, on Tuesday and Wednesday nights, 8th and 9th of March. By that time the house will be made comfortable, and it is hoped a large and appreciative audience will be present, especially as Dr. Pritchard intends to use his lectures in assisting the Church to complete and light their beautiful house of worship. Turn out and hear him.

The Charlotte *Times* is now issued tri-weekly, as well as Daily; price of tri-weekly $4 a year.

WEST POINT BOARD OF VISITORS.—President Grant has appointed the following visitors to West Point for 1870: Rev. J. P. Newman, of District of Columbia; Hon. Thomas Settle, of North Carolina; Hon. Ralph P. Lowe, ex-Governor of Iowa; Rev. Barrus Sears, of Virginia; Hon. Lamar C. Sloan, of Wisconsin; Professor Henry Bannister, of Illinois; Col. John Mason Brown, of Kentucky.

PLOWS.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procurred Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. 4, 8, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood, and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. d1m

SUPREME COURT.

Reported expressly for the SENTINEL by the Deputy Clerk of the Supreme Court.]

SATURDAY, Feb. 26, 1870.

Court met at 10 A. M., according to adjournment.

The following cases were disposed of, to-wit:

Coffey ex. McMichael, Alamance. Upon motion of Fowle, reinstated upon the docket, and continued to next term.

Corpening ex. Coney—argument concluded by Moore for defendant, and F. H. Busbee for plaintiff.

Carter ex. Hoke, Madison; set for hearing on Monday next, at 10, A. M. This case will doubtless occupy the whole day.

Erwin ex. Lowery, Buncombe. Argued by Merrimon for the Plaintiff, and William H. Battle for Defendant.

Carney ex. Carney, from Pitt. Motion by Merrimon that a day be set for a hearing of the case. Motion refused and case continued.

At 1 P. M. Court adjourned.

Next week cases from the 11th, 12th and 6th Districts will be called.

This closes the 8th week of the term and the Court will probably continue in session two weeks longer.

SUPREME COURT.

[Reported for the SENTINEL, by the Deputy Clerk of the Supreme Court.]

MONDAY, Feb. 28, 1870.

Court assembled at 10, A. M., pursuant to adjournment.

The Chief Justice and all the Associate Justices being present.

The case of Thomas D. Carter ex. R. F. Hoke, G. W. Swepson, and others, from Madison, set for hearing to-day, was taken up.

Mr. Graham appeared for the plaintiff; and Messrs. Merrimon and Bailey for the defendants.

Mr. Graham moved that the interlocutory order of the Judge below dissolving the injunction be reversed. He founded his motion on the objections that certain affidavits in the case had been improperly taken. After a spirited discussion between the learned counsel, the Court refused the motion, and directed the counsel to proceed with the case upon its merits.

The counsel then commenced the reading of the voluminous transcript, which occupied the rest of the morning hour.

The case will perhaps take up the whole morning to-morrow.

Opinions will be delivered this (Monday) evening, at 2, P. M.

Court adjourned.

HINTS TO GAS BURNERS.—The following advice, given by the Journal of Commerce, may be advantageously followed by those who use gas:

1. If your burners are of common fish tale or bat wing form, you will observe in the centre of the blaze a dark spot of unconsumed gas; if you see this dark shadow extend to the top of the blaze, then there is more gas rushing through unconsumed than what is really giving light. Turn down the gas until the shadow is half inch from the circumference of the blaze, and you will burn all the gas registered in the meter, but neglect this rule, and the meter will register twice as fast under the pressure, and you pay for gas you do not burn.

2. At a certain hour of the night when churches, and halls, and stores, turn off their gas, the pressure is increased all over that district of the city; watch your burners, and reduce the pressure once more.

3. If you have burners in chambers and in the kitchen, and in your servant's room, instead of regulating the pressure at the burners, take the trouble to regulate it at the meter so as to allow each burner only so much blaze at a certain hour, even if the burners are turned on full blast.

4. Don't think it too much trouble to turn off the gas every night at the meter, as this stops leakages all over the house between the meters and the burners. More gas is paid for which is lost by leakage than regular consumption.

5. If you have a leak in the house, search for it, and, when found, heat the metal with a lamp, and rub cement (such as is used for fruit cans) in the crack. It pays to stop leaks.

BULLARD'S PANORAMA.

We are disposed to say a few words respecting this exceedingly clever production, not so much on account of its character as a work of art, although it far surpasses anything of the kind we ever saw, but because we feel thereby to confer a important service to a large class of business men in New York, many of whom constantly advertise in our columns. The Panorama is rightly named and is therefore distinguished in many of its features from those representations of extended regions of country, which might more properly be called "moving Dioramas." The design of the Panorama is admirable, and has been executed with singular skill and fidelity. The spectator is transported to the scene delineated, and every object that would pass before his eyes were he actually on the spot, is vividly presented to his senses. The scene from the foot of Courtland street around to the Staten Island Ferry, which is sometimes the beginning of the exhibition, is most faithfully done, and produces a marked effect upon all beholders. In Broadway, one sees the business and bustle of that great thoroughfare as plainly as if he was actually dodging the omnibuses, in trying to cross the street. And so of every part that is painted on the canvass. But we are forgetting the purpose with which we began this article.

We wish to tell the merchants and shopkeepers of New York that the Panorama advertises their business wisely and generally—more so than it can be done by any other single medium. In the western towns their shops and stands are seen by those persons to whom it is most important to them that the information should be communicated, and the exact location of the establishments become more fixed in the minds of the spectators. Every person knows that one visit to any particular shop in a strange city will enable him to find the same again better than a dozen directions, however nicely and distinctly given. In Bullard's Panorama every sign and name is seen as distinctly as on Broadway and OVER EIGHTY THOUSAND are represented faithfully on the canvas. Thus the western dry-goods merchant beholds the name and sign of some well-known firm with whose reputation he has become acquainted pricisely through the medium of the papers, and when he visits New York city for the first time he heeds his steps at once to the familiar spot where, but for the information he obtained at the Panorama, he might have wandered into a dozen different establishments and completed his purchases before meeting with the particular one in his mind. And thus with every other business whose proprietary keeps his goods in the metropolis.

It will be borne in mind by our readers, that there is not one imaginary building or sign painted on the canvas. Everything there delineated is copied from the streets with exact faithfulness, and the moving mass of human and other forms exhibited to the spectators were as much truthfulness as though the actual "brick and mortar" were before his eyes. Thus the Panorama has now a high advertising medium for every business man whose establishment is fortunate enough to be located on the block depicted in the painting. We have said that a visit to the Panorama is as useful to a stranger as a walk through the streets of the metropolis. It is more so; for the signs and locations become more indelibly impressed upon his mind, from the fact of seeing all the exhibition, than they could possibly be from a week's journeying up and down Broadway, amid the crowd, bustle and confusion of that mighty thoroughfare. To New York men, therefore, we consider the Panorama of the utmost value, and we honestly believe that it is of more real benefit to the merchants and to the general interests of that city, than any other advertising medium in existence. Every person who is interested in the business of the metropolis must acknowledge their indebtedness to the artist, if they once behold the work he has produced; and the press of New York are but doing justice to their best patrons when they endeavor to extend the clearly wide spread popularity of the exhibition to which they are all so much indebted.

Persons who are familiar with New York via Panorama is always pleasing and numbers of our business men accustomed to make trips to the metropolis, will visit it night after night with a zeest really relishing to behold. As an amusing exhibition, it is unrivaled, and no little boy can be obliged from watching the upturned countenances, open mouths and staring eyes of the "country fellers" who have never seen the Broadway elephant. The crowds, the apparent confusion, the huge piles of buildings, the grandeur of some of the edifices, the mass of vehicles, the roar of business and bustle and hurry, by which the painting is distinguished, and which so faithfully represent life in Gotham, are almost incomprehensible to nothing accustomed only to country life, or the miniature turmoil of a smaller city. Still we can assure those of our readers who behold the Panorama, and have never been to New York, that every thing is represented "to the life," and that all that is set down on the canvas can be witnessed on the pavement. The lecture, by which the exhibition is accompanied, is interesting, concise and correct, and a host of information can be gleaned therefrom. We heartily recommend the Panorama to the public as the most work of the kind now in existence, and we can endorse the opinion of a cotemporary, which declares it to be the best that "Bullard has done for the business men of New York what nothing else than his Panorama could do; and has rendered his own genius to the fame of the Empire State."

Rain spoke the BUFFALO CHRONICLE ADVERTISER of the Panorama of New York City.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience; men of probity and unblemished reputation. VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

And $5,000 ready to pay a loss of No. 24,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$18,84
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,43
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
